Applications

Core Seal

Sure Gloss Specialty Glazes or Pharmaceutical Glazes provide a tack free, protective coating to protect moisture sensitive cores prior to film coating or sugar coating.

Time Release Beads

Sure Gloss Specialty Glazes or Pharmaceutical Glazes are used as an adhesive film in the manufacture of time release products.

Taste and Odor Masking

Sure Gloss Specialty Glazes or Pharmaceutical Glazes provide protective films that are effective barriers to off odors and tastes (e.g. garlic tablets).

Glaze Coat

Sure Gloss Specialty Glazes or Pharmaceutical Glazes provide a tack free, protective coating that provide improved appearance, control of dust and ease of packaging.

Granulation

Sure Gloss Specialty Glazes or Pharmaceutical Glazes are used as granulating agents in the manufacture of modified release tablets and capsules.

Film Coat

Sure Gloss Aqueous Shellac Glazes can be used as supplied or blended with HPMC for faster film build, improved gloss and reduced coating cost.

Pharmaceutical and Food Grade Printing Inks

Sure Gloss Specialty Glazes, Pharmaceutical Glazes, Sure Gloss Aqueous Shellac Glazes and Tiger Lac Dry Resin are used in the industry as the base for USP and FCC regulated printing inks.

Parker Products

Sure Gloss Specialty Glazes

Sure Gloss Glazes

Sure Gloss Glazes are a uniquely formulated line of glazes that provide quick uniform coverage at a reduced rate of application. *Sure Gloss Glazes* provide very rapid tack-free drying and polish to a brilliant durable gloss.

Sure Gloss LV Glazes

Sure Gloss LV Glazes are custom tailored to help meet your specific VOC emission requirements without modifications to the existing production environment.

Sure Gloss Aqueous Glazes

Sure Gloss Aqueous Glazes are specifically designed aqueous shellac glazes for use in both conventional and automated panning applications where alcohol based glazes are a concern.

Pharmaceutical Glazes

Refined Pharmaceutical Glazes

Dewaxed shellac solutions offered in a wide range of solids as per industry standards.

White Wax Pharmaceutical Glazes

Natural wax containing shellac solutions offered in wide range of solids as per industry standards.

Waxes and Polishes

Sure Gloss Polish 1096

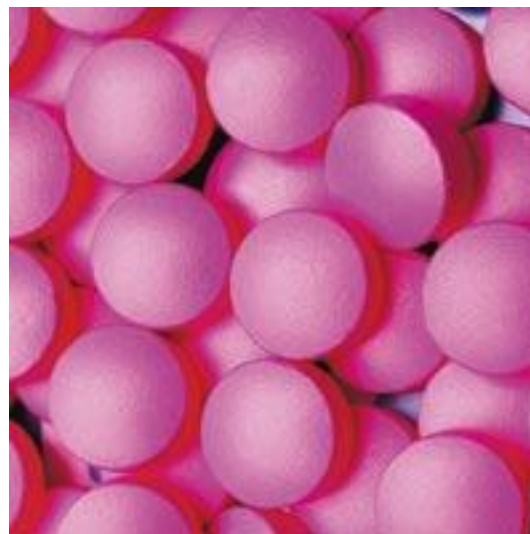

A fine particle size dispersion of beeswax and carnauba wax in organic solvent for pan polishing of sugar coated products.

Powdered Carnauba Wax - 120 NF

A fine powder for dry wax polishing of sugar coated products.

Sure Gloss Polish SW-3

A new, unique blend of Sure Gloss Confectioners Glaze and micronized beeswax and carnauba wax. Sure Gloss SW-3 can be applied directly to unwaxed sugar coated tablets and run continuously to a brilliant, tack-free, high gloss finish.

Dry Resins

Tigerlac Dry Resins

Tigerlac Dry Resins are used by many customers who want to make their own Pharmaceutical Glazes and in the manufacture of USP and FCC printing inks.

- Tigerlac 5050 Dewaxed Bleached Shellac
- Tigerlac 5056 Dewaxed Decolorized Flake Shellac

About Parker Ingredients LLC

Product Manufacture

Parker coatings are produced in a cGMP compliant state-of-the-art manufacturing facility under the kosher supervision of the Orthodox Union. All of our products are composed of pure food grade raw materials which meet their U.S.P. and/or F.C.C. specifications.

Technical Service

With over 40 years of hands-on experience in the coatings industry, Parker's technical staff looks forward to addressing your unique coating needs. Please give us a call and tell us what you need. We will respond promptly and with complete confidentiality to formulate a coating product that meets your specific production requirements.

Product Availability

Parker coatings are packaged in 55 gallon poly or steel drums and 5 gallon poly pails. Ship points are FOB warehouse in Chicago, New Jersey, California, Mexico City and St. Louis. As a service to our regular customers, we will maintain fresh stocks of your particular product for immediate release from the nearest warehouse.

Inquiries

Sales and technical inquiries are welcome and samples are available for prompt shipment by calling 914-921-3176 or by fax at 914-921-3180 or by email at info@parkeringredients.com.
